

GREETINGS DON DIEGO MEMBERS

Well I really don't have much to say about skiing and/or skiing activities for the Ski Chatter this month so, therefore, I'll just write about me. I just got back from another bike tour in Europe. This time I didn't know where the tour was going, everything was a surprise. I think Lauri (our trip leader) played it by ear as we went along. The group varied from 6 to 9 people through out the 21 day tour.

I flew to Zurich and trained to Basel where we went for our first ride that afternoon, after I put my bike together. We spent several days in the Basel area riding in the Jura mountains. The Jura mountain range runs West to East in the northern part of Switzerland and they can be nasty. From Basel we went South over the Juras and ended up in a hotel that was located above Lake Biel in the upper left portion of Switzerland. It was a clear afternoon such that we could see the Alps, which where about 50 miles away, from the hotel patio. We took a couple of rides from this location, one around Lake Biel and another up to the highest hill in the area. As for the nasty part, I had to walk up a section of one hill (a first time event) when it hit a 20% grade. I rationalized this by considering: 1) I could walk faster than I was cycling, 2) It was the last climb of a 40 mile, 6000 foot day. There was a sign at the top stating 13%/ 3km; I don't know if we would have taken this route if the sign had been at the bottom of the grade.

From there we trained north to the France/Swiss border and biked up through the Alsace region of France and into Germany to a hotel in Badenwieler where we stayed for 5 nights. We took a couple of rest days (after riding for 10 days) and then hit the southern region of the Black Forest. The grades where less than in the Juras (10-13%) but longer (3-6 miles). During the break we took car tours to Freiburg, Germany, and Colmar, France (see the pictures on this page). We then biked back to Basel and picked up a van and went southwest across Switzerland into France again and to Chamonix-

Or if you desire, you may contact our membership chairman,

Noni Henning (619-437-8941), who will mail a membership application to you.

The yearly club dues are \$30 for a single membership (\$45 for a family membership) and you obtain the newsletter from our web site. For an additional \$10.00, the newsletter will be mailed to you.

TRAVEL NEWS

By Connie Smith, Travel Director 619-795-2121

Hi Folks, the ski season is almost upon us. We need you all to wake up and get to the club meetings and sign up for your ski trip. We are working on something for Salt Lake City, so stay tuned. We had about 10 responses to the Questionnaire that was sent out. Thanks to those 10 people.

See you at the meeting at Filippi's. Did you like Seu's? Of course not all of you showed up!

Be sure to read the CST Information below.

I'm sorry to say that if we don't get enough sign ups in a timely manner, we will have to cancel rooms plus bus and then car pool. This causes lots of gnashing of teeth and other things. We work really hard to bring the best to you. If you want to drive you can still stay with us at the Sierra Nevada Lodge. I need feed back from you members! If there is not enough of you interested in skiing/staying with the club, we might as well CLOSE the Travel Desk and leave you to your own ideas.

The ski trips are only as good as the members who participate. As you know lots of work goes into providing these trips and the trip leaders and assistants knock themselves out to provide a good venue. So lets pony up and put some money down on these trips. THANKS to those who have already committed to the trips.

CST REFERENCE NUMBER

The paragraph below explains what CST (California Seller of Travel) means. You will see the number referenced on every flyer. Please read this paragraph thoroughly. It is a required for all club trips to make this statement available to you.

CST 2056054-40

California law requires certain sellers of travel to have a trust account or bond. This business has a trust account. All payments for transportation or travel service not provided to the passenger shall be promptly refunded, in accordance with the agreed-to-terms and conditions, unless the passenger otherwise instructs the seller of travel in writing. This business is a participant in the Travel Consumer Restitution Corporations (TCRC). You, the passenger, may request reimbursement from TCRC if you are owed a refund of more than \$50 for transportation or travel services which was not refunded in a timely manner by a seller of travel who was registered and participating in the TCRC at the time of sale. The maximum amount which may be paid by the TCRC to any one passenger is the total amount paid on behalf of the passenger to the seller of travel, not to exceed \$15,000. A claim must be submitted to the TCRC within six months after the scheduled completion date of the travel. A claim must include sufficient information and documentation to prove your claim and \$35 processing fee. You must agree to waive your right to other civil remedies against a registered participating seller of travel for matters arising out of a sale for which you file a claim with the TCRC, if you were located in California at the time of the sale. You may request a claim form by writing to: Travel Consumer Restitution Corporation, P.O. Box 6001, Larkspur, CA 94977-6001; or by faxing a request to: (415) 927-7698.

Some Ski Industry News (reprinted from the NATIONAL SKI CLUB NEWS newsletter)

NEW MOVIE RAISING LOCALS' HOPES AT CLOSED SKI RESORT

The Hollywood movie Inception featured snowmobile scenes that were shot at the currently closed Canadian resort of Fortress Mountain, raising hopes among locals that the ski center might reopen for snowsports with the presumed cash injection from the film company. The locals are obviously hoping for a repeat of events 40 years ago when a then incomplete revolving restaurant built above Switzerland's Murren, which had run out of development cash, was used in the James Bond movie On Her Majesty's Secret Service. Money from the film company on that movie was used to complete construction of the Piz Gloria restaurant -- the name was taken from Ian Fleming's original 1963 novel -- after filming was completed, and the restaurant is still operational today.

THE CANYONS CHANGES NAME/ADDS LIFT

Utah's The Canyons is going to drop the 'The' from its name. Now known simply as 'Canyons', or 'Park City's Canyons, the resort is replacing the Golden Eagle chair with a new quad with an orange tinted weather-protection hood complete with heated seats -- a first in North America. Just outside the Grand Summit Hotel, the new lift is a marvel of engineering and will be the first of its kind in North America.

ASPEN'S NEW TELEPHONE APPLICATION

Aspen/Snowmass is currently developing an iPad application, which will bring the resort to life from anywhere in the world. The Aspen/Snowmass mobile application will work on 97% of smart phones and is now available for download with live grooming, snowfall and weather information and the ability to book lunch or dinner reservations from the chairlift.

SUGARLOAF EXPANDING

Maine's Sugarloaf is expanding onto neighboring Burnt Mountain and will eventually add 655 acres of terrain over the next decade, effectively doubling the area's size. For this season, they are adding 270 acres. The new terrain will all be gladed "sidecountry" terrain, offering skiers and riders a backcountry-style experience, but with the relative security of patrolled, inbounds terrain.

TETON PASS TO REOPEN

Three investors, one from New Zealand and two from the U.S., have purchased Teton Pass ski area, near Bhotreau, Montana and plan to invest \$3 million over the next 2 years to add 250 acres of skiing terrain and 400 feet of vertical for the coming winter.

SAN DIEGO COUNCIL of SKI CLUBS REPORT

by Helen Navoy Harris

Now that we have recovered from the duties and the excitement of the convention the Council's focus is on the coming ski season, such as the Man/Woman-of-the-Year selection, Joe Harris service award recipient, the Gala evening, Snow Jam, and ski trips.

Each club has been asked to submit the names of the man and woman of the club who have contributed immeasurably to the club's activities in a leadership role and honor them as the Club's Man/Woman of the Year for 2010/2011. Of these one each will be selected as the **Council Man/Woman of the Year**.

The **Winter Gala** will be Saturday, November 6 at the Kearny Mesa Marriott Courtyard hotel (which has been renovated since we were last there). The theme will be "Magic of the Night"...dinner, announcing the winners of the above awards, dancing and general joviality. It is a dressy affair, cost is \$52 pp on or before Oct. 15. If you desire not to drive home after the ball, rooms have been discounted for our group for \$99 that night. For more details see the flier on page 5. I am willing to collect your checks at the next meeting and turn them in to Council.

Snow Jam will be at the Del Mar Fairgrounds, Fri./Sat./Sun., November 12-14. Dale Shannon has sent an e-blast announcing it as a fundraiser for the clubs. Members who are willing to work as security bag checkers for a 4-hour shift will earn \$8/hour for the club. Select the shift you prefer to work and an alternate shift ASAP and notify me at HelenNHarris@aol.com or 619-283-8559. You will receive a free parking pass and entry badge. If you prefer to talk about your club's activities and interact with the Jam's attendees, then you can volunteer to help at the Council booth. Please act quickly so you can get the shift you want. And thanks to those of you who have already offered to help.

Miscellaneous News:

FWSA has asked Council to donate \$500 to sponsor a Junior racer. One of these racers is a San Diego J2 racer by name of Alexa Wehsener, granddaughter of Jim Wehsener, San Diego Council's first Race Director who is well remembered by the older racers. The clubs may be asked to donate some money and the council would donate the remaining amount.

Since Hobe Schroeder (new president of Torrey Pines Ski Club) and I won the Council M/WOY, we've inherited the task of running the event this year

FWSA is writing a grant for skin care promotion. If granted, maybe we may be receiving sun tan lotions to test.

FWSA trips: the dive trip to Cozumel should be back; the New England/Canadian Cruise is leaving on Sept. 25; the 2011 FWSA International Ski Week is scheduled for 8 days starting Feb.25 to Engleberg/Interlaken, Switzerland with optional post trips to Bulgaria and Romania; a trip is in the planning stage to New Zealand and Australia for the summer of 2011.

Council trips: Mike Sanford's Aspen trip, Dec.8-14, 2010, still has some openings; the Far West Week trip to Sun Valley, Jan.22-29,2011, has only about 1/4 of the usual signups, probably due to the high cost coupled with the adverse economy; however the biker/cruise along the Danube River, Sept.8-29, 2011 filled up fast with 26 participants and a wait-list that is still growing.

The Holiday Happy Hour is again set for Sun., Dec.19, 2010 at the grand dame Hotel Del. Mark your calendars for the event. You don't want to miss this one!

Golf Report by M. P. Eastman (858) 551-8252, harry.o.eastman@att.net**Hybrid Clubs: How to hit your Hybrids**

I am still challenged when trying to hit my Hybrid. As I understand, you must make a full shoulder turn, and trust the loft.

Hybrids replace long irons in your bag, so the tendency is to do the same things with them that you did with your 3 or 4 iron. Don't forget why you replaced those long irons in the first place.

The main rule of hitting a hybrid is to swing with the same sequencing and mechanics as you do with your 7 iron.

The common urge is to move your arms and hands faster to generate more speed and try to lift the ball in the air. That is not necessary. Instead, make a full shoulder turn, and swing through to a full finish, so your hips and shoulders are facing the target.

Make sure you finish all the way up on your back toe, which is a sign you have gotten completely through the ball. Trust the loft of the club to get the ball in the air. When you stop turning your shoulders through, the bottom of your swing moves too far behind the ball. That results in hitting shots fat or thin.

Good luck!

SKIER SAFETY

A SAFE ski season starts with EVERYTHING in good condition : YOU and YOUR GEAR.

FIRST, Your Physical Condition:

Strengthen your hamstrings, quadriceps, and gluteals. Use the leg-press machine at the gym for strength. For stamina, workout on the treadmill or stair stepper. The latter will develop stamina. As an alternative one may use a twelve-inch high step and do step-ups; first up with the left foot then up with the rest of you. Step down in the same order and continue right, left, until you break a light sweat. STRETCH as you cool-down.

SECOND, condition your boots, skis, and bindings :

Check your boots and make sure everything works properly and that they are comfortable. Consider adding a foamed foot bed done by a professional. The comfort and control you gain will be significant. Have your annual binding check and reset, done by a professional. A good ski shop best conditions your ski base and edges.

(President's Message, continued from page 1)

Mont Blanc (here's where the ski thing could come in). We did a couple of rides on the North side of Mont-Blanc and one day we took the Mont-Blanc tunnel into Italy for a ride on the south side of the mountain *(see the pictures below)*.

From Chamonix we drove up the Rhone Valley to a tunnel heading north to the Thun region. This time we stayed in the van and loaded it on a train (they are big on tunnels over there). We did a small ride when we got to Lake Thun to Interlaken and the next day we were on our way home.

Thus ended the trip which turned out to be a Four Country tour with great weather, good friends, and great rides. The only trouble on the trip was when I was stuck on the JFK tarmac for 1 1/2 hrs at 5pm, Thursday when a storm hit.

As for the skiing thing, I hope that everyone that is thinking about taking a club trip (or all of them) will sign up soon, if you haven't already. We need member support to keep ski trips going. The ski meeting on Tuesday, Oct 5 will be back at Filippi's-- I hope to see you there.
